

# CubeTriangle Consumer Electronics Product Catalogue

## Product name:

CubeTriangle Alpha Smartphone

## Product features:

6.7-inch AMOLED display, 120Hz refresh rate

Triple-lens camera system with 108MP primary sensor

Snapdragon 888 processor with 5G support

4500mAh battery with 65W fast charging

In-display fingerprint sensor and facial recognition

Price: \$1000

## Product name:

CubeTriangle Beta Smartwatch

## Product features:

1.4-inch circular Super AMOLED display

Heart rate, SpO2, and VO2 max sensors

Built-in GPS and NFC for contactless payments

Water-resistant up to 50 meters

Interchangeable straps and customizable watch faces

Price: \$1500

## Product name:

CubeTriangle Gamma Home Hub

## Product features:

10-inch HD touchscreen interface

Voice-controlled smart home management

Compatible with Zigbee, Z-Wave, and Wi-Fi devices

Facial recognition for personalized settings

Energy monitoring and smart device automation

Price: \$200

Product name:

CubeTriangle Delta Earbuds

Product features:

True wireless earbuds with active noise cancellation

Touch controls and wear detection

8 hours of playback with 24 hours additional in the case

IPX4 water and sweat resistance

Low latency mode for gaming and video

Price: \$350

Product name:

CubeTriangle Epsilon VR Headset

Product features:

4K resolution per eye with 110-degree field of view

Inside-out tracking with six degrees of freedom

Integrated spatial audio and microphone

Wireless connectivity with PC and gaming consoles

Comfortable design with adjustable head strap

Price: \$1200

Product name:

CubeTriangle Zeta Drone

Product features:

4K HDR camera with 3-axis gimbal stabilization

30 minutes of flight time per charge

Obstacle avoidance and GPS tracking

Foldable design for easy transport

Companion app with live streaming capabilities

Price: \$800

Product name:

CubeTriangle Eta Smart Thermostat

Product features:

Learning capabilities to optimize heating and cooling

Remote control via smartphone app

Energy usage reports and savings recommendations

Compatible with most HVAC systems

Sleek design with touch-sensitive controls

Price: \$900

Product name:

CubeTriangle Theta Electric Scooter

Product features:

350W motor with a top speed of 20 mph

15-mile range on a single charge

Regenerative braking system

LED headlight and taillight for safety

Foldable design for portability and storage

Price: \$2800

Product name:

CubeTriangle Iota Fitness Tracker

Product features:

All-day activity tracking with calorie burn estimation

Sleep monitoring and silent alarm feature

Waterproof design for swimming and showering

Smartphone notifications and music control

Long battery life with up to 7 days per charge

Price: \$800

Product name:

CubeTriangle Kappa Portable Speaker

Product features:

360-degree sound with deep bass

Bluetooth 5.0 and multi-device pairing  
12 hours of battery life with USB-C charging  
Built-in microphone for hands-free calls  
Rugged design with IP67 dust and water resistance  
Price: \$2000

**Product name:**

CubeTriangle Lambda Smart Glasses

**Product features:**

Augmented reality display with navigation prompts  
Voice-activated controls for hands-free use  
Photo and video capture with built-in camera  
Prescription lens compatible frames  
All-day battery life with magnetic charging  
Price: \$190

**Product name:**

CubeTriangle Mu Wireless Charger

**Product features:**

Qi-certified for universal compatibility  
Fast charging with up to 15W output  
Sleek, minimalist design with LED indicator  
Non-slip surface to secure devices  
Overcharge and overheating protection  
Price: \$930

**Product name:**

CubeTriangle Nu Smart Lock

**Product features:**

Keyless entry via smartphone, code, or fingerprint  
Remote access and guest passcodes  
Activity log and tamper alerts

Easy installation on most standard doors

Long battery life with low battery notification

Price: \$2000

**Product name:**

CubeTriangle Xi Smart Blender

**Product features:**

Powerful motor with variable speed control

Pre-programmed settings for smoothies, soups, and more

Nutrient extraction technology for healthier drinks

Voice control through smart home assistants

Easy to clean with dishwasher-safe parts

Price: \$1000

**Product name:**

CubeTriangle Omicron Smart Mirror

**Product features:**

Interactive display with fitness and makeup modes

Voice and gesture control for hands-free operation

Integration with health apps for tracking progress

LED lighting with adjustable brightness

Sleek design that fits any modern bathroom

Price: \$750

**Product name:**

CubeTriangle Pi Action Camera

**Product features:**

4K 60fps video recording with HyperSmooth stabilization

Waterproof up to 10 meters without a case

Live streaming capabilities and webcam mode

Voice control and one-button simplicity

GPS and motion sensors to tag and track adventures

Price: \$630

Product name:

CubeTriangle Rho Robotic Vacuum

Product features:

Smart navigation with room mapping

Strong suction power for all floor types

App control for scheduling and spot cleaning

Auto-return to charging dock when battery is low

Voice control through smart home assistants

Price: \$140

Product name:

CubeTriangle Sigma Smart Coffee Maker

Product features:

Programmable brewing schedules and strength control

Built-in grinder for fresh coffee beans

Smart home integration for voice-activated brewing

Keep-warm feature and auto-shutoff for safety

Modern design with stainless steel accents

Price: \$200

Product name:

CubeTriangle Tau Electric Bike

Product features:

500W motor with pedal assist and throttle modes

Removable battery with a range of 40 miles

Integrated display for speed, distance, and battery life

Shimano gears and hydraulic disc brakes

Lightweight aluminum frame with a sleek

Price: \$1800

Product name:

CubeTriangle Omega Smart Refrigerator

Product features:

22 cu ft. capacity with customizable temperature zones

Touchscreen interface with recipe suggestions and inventory tracking

Interior cameras to view contents remotely via smartphone app

Energy-efficient design with rapid cool and freeze functions

Smart home integration for remote adjustments and notifications

Price: \$1630

Product name:

CubeTriangle Psi Wireless Sound System

Product features:

High-fidelity audio with 360-degree sound projection

Multi-room sync for a seamless listening experience throughout the home

Voice control compatibility with major smart assistants

Durable, sleek design with intuitive touch controls

Easy setup with Wi-Fi and Bluetooth connectivity options

Price: \$2100

Product name:

CubeTriangle Chi Electric Skateboard

Product features:

20 mph top speed with a 15-mile range on a single charge

Regenerative braking and shock-absorbing wheels for a smooth ride

Wireless remote control for effortless speed adjustments

Durable, waterproof deck with integrated LED safety lights

Companion app for route tracking and battery management

Price: \$780

Product name:

CubeTriangle Phi Smart Air Purifier

Product features:

True HEPA filtration with real-time air quality monitoring

Quiet operation with sleep mode for undisturbed rest

Smart sensors to adjust purification levels automatically

Voice and app control for scheduling and remote operation

Sleek, modern design that complements any room décor

Price: \$890

Product name:

CubeTriangle Ksi 4K Action Cam

Product features:

Ultra HD 4K video at 60fps with electronic image stabilization

Waterproof up to 15 meters with a rugged, adventure-ready build

Dual-screen design for easy framing and selfie mode

Live streaming support and social media integration

Long-lasting battery with fast charging capabilities

Price: \$930

Product name:

CubeTriangle Pi-2 Smart Fitness Equipment

Product features:

Interactive home gym system with AI-powered workout guidance

Resistance automatically adjusts to fitness level and goals

Live and on-demand classes with professional trainers

Compact, foldable design for easy storage in any space

Integrated health tracking with progress reports and goal setting

Price: \$1200

Product name:

CubeTriangle Omicron-2 Smart Makeup Mirror

Product features:

High-definition clarity with adjustable LED lighting

Virtual makeup and skincare tutorials with AR technology

Skin analysis with personalized product recommendations

Touchscreen interface with social media connectivity

Elegant design that elevates any vanity or bathroom

Price: \$2200

Product name:

CubeTriangle Upsilon-2 Mini Projector

Product features:

4K UHD resolution with HDR10 for stunning picture quality

Ultra-portable design with a built-in rechargeable battery

Wireless casting from smartphones, tablets, and laptops

Integrated speakers with Dolby Atmos support for immersive audio

Durable construction with IPX4 splash resistance

Price: \$3100

Product name:

CubeTriangle Sigma-2 Smart Kettle

Product features:

Precision temperature control for the perfect brew every time

Keep-warm function to maintain temperature for up to 60 minutes

Voice and app control for remote boiling and scheduling

Stainless steel design with LED indicators and touch controls

Boil-dry protection and auto-shutoff for enhanced safety

Price: \$430

Product name:

CubeTriangle Theta-2 Electric Scooter Pro

Product features:

Enhanced 500W motor with a top speed of 25 mph

Extended 20-mile range with fast-charging battery technology

Advanced suspension system for a comfortable ride on urban terrain

Foldable, lightweight design with anti-theft features

Smart dashboard display with navigation, speed, and battery stats

Price: \$730
